WATERFRONT BURIAL CORPS ON WAY TO HONOLULU

Will Exhume Bodies of American Soldiers for Shipment to U. S.

A detachment of the United States burial corps, a branch of the Quartermaster's department of the army, left Washington on September 19 for San Francisco to join the Transport Thomas and will make an official visit in Honolulu to disinter the bodies of soldiers and sailors buried here. They will continue on to the Philippines and exhume the bodies of American soldiers, sailors and civilians buried there since the war began. The corps will also visit Guam and China. More than 3,000 bodies have been brought back from the Philippines to the United States in less than a year.

STEAMER FLEES FROM ERUPTION

ST. THOMAS (D. W. L.), September 22.—The cable steamer Newington secured the St. Lucia end of the St. Vincent cable Saturday, four and a half miles from Soufriere and had just finished buoying it when there was a sudden and violent eruption of the volcano. The steamer thereupon headed away from the land, followed by dense clouds of smoke. She had a narrow escape and it is considered inadvisable for her to engage in further operations there, especially as the cable was found to be greatly damaged. The Newington will proceed to St. Thomas for a cable to complete the repair of the St. Lucia-Grenada section.

A violent eruption of the Soufriere was observed Sunday night from St. Lucia.

Deaths Fewer at Sea.

The mortality at sea has been greatly reduced among British shipping during the past two decades, according to the showing made by the Syren and Shipping of London. In 1881 there were 186,719 officers and men employed on the sail and steam vessels of the United Kingdom, of which number 3273 were lost at sea. In 1891, 218,247 were employed and the loss of life was cut down to 1892. Last year the number employed reached 225,443 and the loss of life was still further reduced to 1252. The loss of passengers in the years named was as follows: 1881, 231; 1891, 578; 1901, 12.

Saluted Consular Official.

Alexander Isenberg, vice consul for Germany in Honolulu, made an official call on the commander of the German cruiser Cormoran late yesterday afternoon. As he left the vessel in a boat manned by members of the Cormoran's crew a salute was fired in honor of the consulate.

To Carry 3000 Passengers.

The White Star Line has ordered another steamer, to be built at Belfast, which is to be twenty feet longer and a few feet wider than the Cedric. The steamer Cedric, 21,000 tons, is the largest liner afloat. She is 790 feet long, and has accommodations for 3000 passengers.

Captain Rodman Returns Soon.

A word has been received from Captain Rodman, who went to San Francisco on the transport Solace because of the serious illness of his wife in San Francisco, that he expects to return soon, as his wife has very much improved in health.

Barkentine Amelia From Sound.

The barkentine Amelia arrived from the Sound yesterday afternoon with a cargo of 512,000 feet of redwood timber. She made the passage in sixteen days, experiencing but light winds.

Rough Weather at Kauai Ports.

The steamer Waialeale, which arrived from Kauai ports yesterday morning, reports rough weather in the Garden Island ports. She had smooth seas in crossing the channel.

Valuable Copper Fastenings.

The hull of the old Sebastian Bach, now lying in The Row is being raised and broken up in order that a valuable lot of copper fastenings may be taken from it.

A CLEANLY AGE.

Twentieth Century Ideas Incline Toward Sanitation and Preventatives. Nowadays scientists believe that in cleanliness lies the secret of prevention of diseases.

To prevent a disease, remove the cause.

Just as unclean habits breed many diseases, so careless habits will breed dandruff. Improper use of another's brushes, combs, etc., will surely cause dandruff, and in time will just as surely cause baldness.

It's microbe infection, nothing more nor less.

Newbro's Herpicide kills the dandruff germ and causes hair to grow luxuriantly. Herpicide is absolutely free from grease or other injurious substances.

A Dull Pain Across the Back

Does it bother you—are you afraid to stoop over—do you hesitate to pick up things—do you have a seemingly unconscious desire to put both hands on your hips to brace yourself? If you have such pain you want to get rid of it. No one can stand pain and torture and continue with a sound mind. Besides this pain means there is something radically wrong inside of you—some of your organs need repairing, or your whole organism will become afflicted.

A pain is a pain, and it means suffering no matter what causes it. It is relief you want and you want it quickly. Halpruner's Wonderful Medicine will stop your pain instantly. Halpruner's removes pain and it does it quickly, no matter in which part of the body you have it. Halpruner's goes to the seat of the trouble and drives out the cause, curing the pain helping Nature to repair the overworked functions.

Halpruner's Wonderful Medicine is the medicine for sufferers, and it gives them what they most desire—relief—gives it quickly—does not keep you waiting or give you any other trouble, as it is made of only the purest vegetable matter.

If you have a pain in the head, throat, chest, lungs, stomach, bowels, kidneys, liver, bladder, thighs, ankles or feet use Halpruner's—rub it in and take it internally. It cannot do you any harm and will do you a lot of good.

For sale at all drug stores—50c and \$1 a bottle—the dollar size contains three times the quantity of the small size.

If you can't get it of your drug store send the money to Halpruner Medical Manufacturing Co., 28 California St., San Francisco, and a bottle will be sent you by prepaid expressage.

Halpruner's

Halpruner Medical Manufacturing Co., San Francisco, Cal.
Gentlemen: I may interest you to know that I have used your remedy for pleurisy pains and strains and have been relieved of much suffering. I am in the hay and coal business, and some time ago I was engaged in handling heavy bales of hay and I strained myself internally, creating pleurisy in my right side, which produced great pain and suffering. One application of Halpruner's Wonderful Pain Remover relieved me at once and cured me in less than one day. I heartily recommend it to people suffering from pains and strains. GEO. S. REDDING, 35 1604 Sherman St., Bay Station, Alameda, Cal.

PREPARING FOR MURDER TRIAL

Witnesses to Be Brought From California for the Jacobson Hearing.

Subpoenas were placed in the hands of United States Marshal Hendry yesterday for the witnesses required to appear before the federal grand jury, which will meet a week from Monday. The criminal business of this term of court will be of more importance than at any previous session since the organization of the Territory.

The trial of the alleged murderers of Captain Jacobson of the schooner "Wood" will probably occupy considerable time. Mrs. Jacobson will appear before the court, having been subpoenaed to come from California. E. K. Wood of the company which owned the ship will also be present. The sailors who were aboard the ship at the time of the murder are being held in jail and will naturally be present at the hearing.

There are a number of violations of Internal Revenue laws to come up, also the Sabate postoffice case, and the Chinese counterfeiting case.

WRIGHT COMMITTED TO CIRCUIT COURT

Judge Wilcox yesterday committed to the Circuit Court for trial, B. Haywood Wright, formerly chief clerk of the Public Works Department, the charge being embezzlement. The defense offered no statement and after Deputy Attorney General Cathcart asked that the defendant be committed, Judge Wilcox made the formal order stating that sufficient testimony had been adduced at the preliminary hearing to warrant him in so doing. Wright was returned to his quarters at Oahu Prison.

SPAIN RESUMES PAYMENTS.

An Old American Indemnity Will Be Met in Full.

WASHINGTON, Sept. 25.—The Treasury Department has begun the distribution of \$28,500, the sum received from the government of Spain, as one of the annual payments of indemnity due under the treaty of 1834. The continuation of these payments is regarded as a marked evidence of the high sense of honor cherished by the Spanish people in meeting an obligation.

About 1818 some American merchant ships were seized and destroyed by Spanish national vessels and when the matter was brought before a tribunal, an award was made in favor of the United States citizens for the amount of their losses. The principal was converted by a curious Spanish method in perpetual rentes, and the Spanish government has met the interest on these with great regularity ever since the treaty of 1834. By a rule of international law, war absolutely extinguishes treaties previously existing between the principals; but the Spanish government did not regard itself as thus relieved by its recent war with the United States, and the only discomfort to which the scrip holders were subjected was in a slight deferment of two payments during the war.

"The Ping Pong Eye"

We have the ping pong wrist, the ping pong ankle, the ping pong back, and now comes the ping pong eye. In fact, it is and has been the rapid movement of the eyes which has made this seemingly simple game so fatiguing. While the muscles of the arms and legs may be wearied to some extent, it is the eye and brain which are exhausted in ping pong.

Let us correct your optical defect, and no serious trouble will ensue, with reasonable use of your eyes.
